## INDEX

---

### Vol. 43. 1954.

- Abdominal pains, see Digestive tract
- Abramson, E. and E. Ernest, 235
- Acidosis, renal idiopathic, the response to oral sodium lactate, 49  
idiopathic renal, 198
- Aerodynia, case of, 308  
treatment with adrenolytic drugs, Supplement 100:517
- ACTH, treatment of sclerema neonatorum, 289  
treatment of leukemia in children, Supplement 100:285
- Adrenogenital syndrome, cortisone-therapy of, 209
- Åkerrén, Y. 411, Supplement 100:185
- Alde, O. and O. Imerslund, 553
- Allen, E. et al., Supplement 100:526
- Allergy, asthma in Swedish school-children, Supplement 100:149  
ichthyosis and, 502  
rhinopathies in allergic children, 303
- Amino-aciduria in galactosaemia, 337
- Amlie, R. et al., Supplement 100:189
- Anemia, see Blood
- Anomalies, lacrimal duct anomalies and conjunctivitis in early infancy, 309  
sucroseria with mental defect and hiatus hernia, Supplement 100:495
- Antibiotics, chloromycetin palmitate, dosage of in children, 174  
penicillin and sulpha prophylaxis in rheumatic fever, 106  
penicillin in the prevention of scarlet fever, 38  
penicillintreatment of scarlet fever, 32
- Ariztía, A. et al., Supplement 100:199
- Ascariasis in the tropics, Supplement 100:575
- Aspillaga, M. et al., Supplement 100:199
- Asthma, incidence among Swedish school children, 215
- Ataxia, acute cerebellar (poliomyelitis?), 307
- d'Avignon, M. et al., Supplement 100:111
- Eackman, A. and E. I. Wallgren, 252
- Bakker, J. C. W., 529
- Basedow, see Endocrine organs and hormones
- Batson, R. et al., Supplement 100:65
- ECG-vaccination, infants to tuberculous mothers, antibodies and tuberculin response,  
Supplement 100:179  
infants of tuberculous mothers, development of tuberculin sensitivity, 502  
in the fight against tuberculosis, Supplement 100:25

- intracutaneous and percutaneous, 1
- necroses in, 308
- tuberculin sensitivity, persistence of, 163
- tuberculosis immunity in sarcoidosis studied with, Supplement 100:160
- tuberculosis of the bones and joints of vaccinated children, 252
- Bengtsson, E. and Berglund, A., 426
- Berglund, A. and Bengtsson, E., 426
- Berglund, G. and Zetterström, R., 368
- Bergstrand, C. G. et al., 347
- Bickel, H. et al., 64
- Blood, anemia, hemolytic, congenital atypical in early infancy, 558
  - anemia, megaloblastic, occurring in an infant of a mother, suffering from pernicious anemia of pregnancy, 379
  - coagulation, contribution to the pathology of, Supplement 100:275
  - erythremic myelosis (di Guglielmo) in an infant, 78, 280, 395
  - erythrocytes, resistance of, in vitro, 390, Suppl. 98
  - erythrocytes, survival time of in Morbus caeruleus, 215
  - granulocytopenia after infectious mononucleosis, Supplement 100:550
  - hemolytic disease of the newborn, results of treatment in 139 cases, Supplement 100:579
  - hypoprothrombinemia, congenital, idiopathic, Supplement 100:245
  - icterus gravis and kernicterus in premature infants without demonstrable A-B-O- and Rh incompatibility, 529
  - in the feces, a sequel of iron medication to premature infants, 208
  - leukemia, acute, remission in, 306
  - leukemia, treatment with folic antagonists and ACTH, Supplement 100:285
  - methemoglobinemia, acute caused by aniline dye intoxication, 83
  - mononucleosis, infectious, followed by granulocytopenia, Supplement 100:550
  - plasma electrolytes in the neonatal period, 342
  - serum-B<sub>12</sub> in acute and chronic leukemia, 397
  - serum from newborn infants, studies on lipids, proteins and lipoproteins, 221
  - serum from children with nephrotic syndrome, study by the method of paper-micro-electrophoresis, 136
- Bohman, M., 374
- Book reviews:
  - Bentley, F. J., Grzybowski, S. and Benjamin, B., Tuberculosis in Childhood and Adolescence, 504
  - Fèvre, M. and Huguenin, R., Malformations tumorales et tumeurs de l'enfant, 602
  - Garcia-Vicente, S., Aportación de la escuela española a la técnica endobronquial, 119
  - Goodrich, C. Schauffer, Pediatric Gynecology, 110
  - Harnack, Gustav von, Wesen und soziale Bedingtheit frühkindlicher Verhaltensstörungen, 505
  - Imperato, Carlo, La terapia della nefrosi nel bambino, 504

 Breast milk or cow's milk as infant food, 362
- Carlström, G. and Zetterström, R., Supplement 100:123  
 Cathala, J., Supplement 100:211  
 Cerebrospinal fluid, bilirubin in newborns with special reference to the development of kernicterus, 582  
 Cherry, R. B. et al., Supplement 100:397  
 Chloromycetin see Antibiotics  
 Choremis, C. et al., 264  
 Choremis, C. and Nestoridou, M., Supplement 100:219  
 Christie, A. et al., Supplement 100:65  
 Clara, R. and Hooft, C., 136  
 Collagen disease, 217  
   hereditary vascular, 395  
   periarteritis nodosa in an infant of three months, 374  
 Collis, W. R. F. and MacDonald, A. J., Supplement 100:228  
 Colostrum, immune globulin in, 397  
 Constipation, see Digestive tract  
 Convulsions, see Nervous system  
 Cook, Ch. D. et al., Supplement 100:397  
 Cortisone therapy of the adrogenital syndrome, 209  
 Cow's milk or breast milk as infant food, 362  
 Cravioto, J. et al., Supplement 100:336  
 Creatinine tolerance test as a renal function test, 113  
 van Creveld, S., Supplement 100:245  
 Cryptorchism, biopsy of the testis in children with, 297  
 Cushing's syndrome see Endocrine organs and hormones  
 Cyclic vomiting with EEG changes and unusually severe course, Supplement 100:608
- Dahlström, C., Supplement 100:9  
 Dam, H. et al., 27  
 Darling, S. and Mortensen, O., 337  
 David, G. et al., Supplement 100:440  
 Day nurseries and family nurseries, 214  
 Deafness and severe impairment of hearing in children, 301  
   causes and treatment, 301  
   instruction of school children with, 302  
 Debré, R., Supplement 100:256  
   and J.-C. Job, 386, Supplem. 96  
 Diabetes mellitus, newborn infants of diabetic mothers, 305  
   coma in a three weeks old infant, 393  
   Cushings syndrome in infants of diabetic mothers, Supplement 100:185  
   growth of children with, Supplement 100:594  
   infants of diabetic mothers, hypoxia in, 368

- steroid excretion in children of diabetic mothers, 501
- studies in, 389, Suppl. 97
- Diarrhoea infantile, chemotherapy in, 459
- Digestive tract, abdominal pains, relapsing, roentgenological studies in children, 396
- constipation, psychogenic and megacolon, 598
- toxicosis in infants, electroencephalography in, Supplement 100:219
- enteritis in infants with signs of encephalitis, Supplement 100:412
- hepatitis, viral, Supplement 100:624
- megacolon and psychogenic constipation, 598
- congenital aganglionic, in infants, Supplement 100:324
- Digitalis poisoning in a 2 year old boy, 104
- Di Guglielmos disease, see Blood
- Diphtheria, see Infectious diseases, acute
- Donner, M. and Wasz-Höckert, 163
- Dyggve, H. V. et al., 27
- Dystrophia infantum, considerations on the development of, Supplement 100:579
  
- Eckhaus, S. et al., 459
- Eilersen, P., 1
- Electrocardiography in measles, 426
- Electroencephalography, enuresis, 259
- cyclic vomiting, Supplement 100:608
- pyrexial convulsions, 298
- subacute progressive encephalitis, Supplement 100:111
- toxicosis in infants, Supplement 100:219
- Electrolytes, plasma in the neonatal period, 342
- Electrophoresis, paper-micro in the nephrotic syndrome, 136
- studies on lipids, proteins and lipoproteins in serum from newborn infants, 221
- Endocardial fibroelastosis, see Heart
- Endocrine organs and hormones, adrenogenital syndrome, cortisone therapy of, 209
- steroid analysis in, 106
- exophthalmic goitre, in a girl aged 11 years, 207
- gonadal insufficiency, retarded growth in association with, 311
- hypoparathyroidism, idiopathic, 574
- hypothyroidism in children, the diagnosis of, 211
- myxoedema, congenital, prolonged jaundice in, 411
- hypophysial, 501
- pseudohermaphroditism with giant growth in an infant, 217
- sclerema neonatorum, treatment of, with ACTH, 289
- testes, ectopic, biopsy of, in children, 297
- Turner's syndrome, 311
- Waterhouse-Friderichsen's syndrome, Supplement 100:545
- Engfeldt, B. et al., 152, 347
- Engleson, G., 389, Suppl. 97
- Engström, A. et al., 152
- Enuresis, electroencephalographic findings in, 259
- Epidemic of poliomyelitis, remarks on, 10
- Epidemiology, active basal immunity and its application to, 22
- Epilepsy, see Nervous system

- Epiphysis, separated or septic coxitis in the newborn, 107
- Ericsson, H. et al., 15  
and Hesselvik, L., 22
- Erythremia, see Blood
- Erythrocytes, see Blood
- Ernest, E. and Abramson, E., 235
- Extracellular fluid volume in infants and children, 444
- Eye, changes induced by exposure of newborn mice to concentrated oxygen, Supplement 100:131  
conjunctivitis and lacrimal duct anomalies in early infancy, 309  
fundus oculi, appearance of, in prematurely born infants treated with and without oxygen, 327
- Fanconi, G., Supplement 100:275
- Faxén, N. and von Sydow, G., 362
- Fehmers, G. et al., 342
- Feuillen, Y. M., 181  
and Lambrechts, A., 188
- Fetus, convulsions, 297, 298  
selective filtration of syphilitic reagins through the placenta, 247
- Fluid volume, extracellular in infants and children, 444
- Fibroelastosis, endocardial, see Heart
- Fibroplasia, retrolental, see Eye
- Foght-Nielsen, K. E. et al., 120, Supplement 100:285
- Forsander, O. and Räihä, C.-E., Supplement 100:541
- Franzén, S. and Zetterström, R., 379
- Frenk, S. et al., Supplement 100:336
- Freudenberg, E. and Roulet, F., Supplement 100:296
- Friderichsen, C. and Melchior, J., Supplement 100:307
- Friis-Hansen, B., 444  
et al., Supplement 100:285
- Frontali, G., Supplement 100:318
- Föllings disease, the influence of phenylalanine intake on the chemistry and behaviour of, 64
- Gabrielsen, L. H., 198
- Galactosemia, 467, 569  
amino-aciduria in, 337
- Gazoulis, A. et al., 264
- Geographical pediatrics, Supplement 100:374
- Gerrard, J. et al., 64
- Globuline, immune in colostrum, see Milk
- Glucose tolerance tests, double, in normal and fat children, 105
- Glutamine acid in normal children and in children with cerebral affections, 209
- Goldbloom, A. and Wigglesworth, F. W., Supplement 100:324
- Gomez, F. et al., Supplement 100:336
- Cortez, E., In memoriam, 219
- Cranuloma, eosinophilic, relationship with Hand-Schüller-Christian syndrome, 104
- Growth, effect of phyol, investigation concerning, 211  
diabetic children, Supplement 100:594

# VIII

- height and weight of school boys at a Stockholm secondary school, 235
- male pseudohermaphroditism and giant growth in an infant, 217
- nanosomia with oliguria, Supplement 100:526
- retarded in association with gonadal insufficiency, 311
- Gyllenstein, L. J. and Hellström, B., Supplement 100:131
- Gyllenswärd, C., Supplement 100:358
  
- Haas, J. H. de, Supplement 100:374
- Hagelsten, H. et al., Supplement 100:189
- Hallman, N. and Ylppö, A., Supplement 100:382
- Hamne, B., 102
- Heart, electrocardiographic changes in measles, 426
  - endocardial fibroelastosis in infancy, 87, 501
  - Morbus caeruleus, survival time of erythrocytes in, 215
  - pericarditis, treatment of purulent, 216
  - pericardium, diaphragmatic hernia into, 485
  - sounds and murmurs in congenital pulmonary stenosis with normal aortic root, Supplement 100:167
  - working capacity of healthy children, studied with bicycle-ergometry, 215
- Hedenström, G. and Söderström, N., 78
- Hellström, B. and Gyllenstein, L. J., Supplement 100:131
- Helmholz, H. F. Supplement 100:9
- Hepatitis, viral, as related to pediatrics, Supplement 100:624
- Hernia hiatus and mental defect with sucruria, 597
- Hesselvik, L. et al., 15
  - and Ericsson, H., 22
- Hibernation, see Hypothermia
- Hickmans, E. M. et al., 64
- Hirschsprung's disease, see Digestive tract
- Hooft, C. et Clara, R., 136

- Huggert, A., 327
- Husby, J. et al., Supplement 100:111
- Hyaline membranes, some views on the pathogenesis of, 216
- Hyaluronidase, effect of, on the Moro epidermal tuberculin reaction, 264
- Hydrocephalus, see Nervous system
- Hypoglycemia, spontaneous, etiological mechanism and treatment, Supplement 100:481
- Hypoparathyroidism, see Endocrine organs and hormones
- Hypothermia, artificial in pediatrics, Supplement 100:440
  - treatment by, in pediatrics, Supplement 100:211
- Hypoprote thrombinemia, congenital, idiopathic, Supplement 100:245
- Hypothyroidism, see Endocrine organs and hormones
  
- Icterus, gravis and kernicterus in prematures without A-B-O- and Rh-incompatibility, 529
  - prolonged in the newborn, association with congenital myxedema, 411
- Icthyosis, see Skin diseases

- Ileus in the first year of life, 102
- Imerslund, O. and Alde, O., 553
- Immunity, active basal and its application to epidemiology, 22
- Middlebrook-Dubos hemagglutination reaction, Supplement 100:154
- scarlet fever and penicillin treatment, 267
- tuberculosis, in sarcoidosis, Supplement 100:160
- Infectious diseases, acute, cat scratch fever, 386, Supplem. 96
- diphtheria, combined immunization against, 15
- infection, risks of, in children's wards, 212
- laryngo-tracheo-bronchitis in an infant aged 5 weeks, 300
- meningitis, acute aseptic (Wallgren), Supplement 100:54
- meningo-encephalitides, acute non-bacterial in children, 99
- measles, electrocardiographic changes in, 426
- mononucleosis, infectious, followed by granulocytopenia, Supplement 100:550
- parotitis, complications in, 306
- penicillinprophylaxis in the newborn, 596
- pertussis, combined immunization against, 15
- poliomyelitis, remarks of an epidemic of, 10
- paralytic, without spinal fluid changes, 307
- rheumatic fever, survey of penicillin and sulpha prophylaxis, 106
- rheumatic fever, beta streptococcal theory, Supplement 100:228
- scarlet fever, penicillin treatment of, 32
- in the prevention of, 38
- treatment and immunity, 267
- tetanus, combined immunization against, 15
- Intestine, ileus conditions in the first year of life, 102
- infantile diarrhoea, chemotherapy in, 459
- Intoxication, aniline dye, causing acute methemoglobinemia, 83
- diethyl-para-nitro-phenyl-thiophosphate, 304
- digitalis in a 2 year old boy, 104
- lead, case of, 394
- nikethamide group, overdosage with stimulants, 500
- quinine poisoning, fatal case of, 500
- Iron medications as cause of blood in the feces of premature infants, 208
- Iron metabolism in infants, absorption of dietary iron, 181
- influence of vitamin C on the absorption of iron, 188
- Jarpa, S. et al., Supplement 100:199
- Job, J.-C. and Debré, R., 386, Supplem. 96
- Jonsson, B. and Mannheimer, E., Supplement 100:167
- Jonsson, B. and Zetterström, R., 558
